

# Welcome to Stockholm!

We are happy that you have chosen Stockholm as your next port of call in life. We want to provide a good understanding of what Stockholm can offer - and to help you with your first steps in your new city.

Together with the National Government Service (Statens Servicecenter) and the Swedish Tax Agency (Skatteverket), the City of Stockholm is now running a pilot project for an efficient authority registration process.

It is very important that your personal documents are valid, so that the authorities can give you a quick response to your application. Otherwise the process will take longer.

Visiting address (entrance):  
Medborgarplatsen 21-25, floor 8  
Stockholm, Sweden

**Opening hours Wednesdays 08:30 AM to 11.30 AM**

Project runs May to November

Closed for summer 11 July to 5 August.
